FLU INTERFERES WITH THE COURT

JURY PANEL TODAY WAS EXCUSED UNTIL NEXT MONDAY.

CAMPBELL NOT GUILTY

Harold Gooden Cases Had to Be Continued on Account of Sickness of Prosecuting Witness.

On account of a few cases having to be continued on account of sickness of some of the witnesses and parties, Judge Dawson excused the jury panel this afternoon until next Monday. The cases against Harold E. Gooden of Parnell, charged with alteration of auto numbers and grand larceny and receiving stolen property, which were set for trial today, had to be continued on account of the sickness of the prosecuting witness and one of the attorneys, Bruce DuBois of Grant City, who is representing Gooden.

The case of the State against Harry Freemyer on a charge of receiving stolen property was also continued, as was also the case of the State against Charles Finnell, on a charge of assault and disturbing the peace.

On account of the outbreak of the "flu" over the county, court will not be in session next week any longer than is necessary.

The case of Charles Vulgamott against the Wabash railroad will be the first case to be called Monday.

The jury in the case of the State against Scott Campbell returned a verdict of not guilty. The jury went out this morning at 11 o'clock and reported at about 3:45 this afternoon.

BEAR CATS LOSE FIRST GAME BY SCORE 29-25

"Kirksville 29; Bear Cats 25; Hard fought game. Bear cats still fighting. Coach Rice."

This was the message received early this morning by President Richardson of the State Teachers college on the outcome o fthe first of the four game tour of the college basket ball team, played last night at Kirksville with the Kirksville college team.

The report of the game was enthusiastically received by the students at the college. The Bear Cats were in excellent training for the coming games and while they lost the first, the score indicates fast and good playing on their part and all their supporters are confident of winning the other games.

Tonight the Bear Cats play the Central college team at Fayette. The Warrensburg college team on Thursday night and the Kansas City Polytechnic team there Friday night.

WOODARD FUNERAL HELD AT JAMES BLAGG HOME

Funeral services for Mrs. Mary Woodard, who died at 3:30 o'clock yesterday morning at her home in Kansas City, were held at 9:30 o'clock this morning at the home of her nephew, James Blagg on West Third street. It was conducted by Rev. R. C. Holliday. Interment was in the Swimford cemetery.

Mrs. Woodard's death was due to a complication of diseases. She was eighty years old and for the past four years made her home with her daughter, Miss Nell Woodard of Kansas City. Previous to that, she made her home in Maryville. She is survived by the one daughter, Miss Woodard of Kansas City, and a son, George Woodard of Los Angeles, Calif., who was unable to attend the services. Out-of-town relatives here to attend burial rites were a nephew, John Blagg of Kansas City and a brother, George Blagg of Barnard.

FOOTBALL TITLE TO BE DECIDED AT MEETING

The disputed high school football championship of northwest Missouri probably will be awarded at a meeting of the board of control of the Northwest Missouri Inter-High School Association at St. Joseph Saturday afternoon. A number of protests also will be considered. Maryville is chief contender for the football title, as it had the only undefeated team in the association, but the title has been withheld on a technicality.

The board of control will also take up changes in the constitution and by laws to be proposed at the annual spring meeting of theassociation in Maryville for approval. One of the proposed changes would make it possible for teams contesting for an association championship to meet some time during the season and decide the title on merits, rather than by comparative scores.

Those who will attend the meeting in St. Joseph Saturday are A. L. Dailey, Richmond, G. W. Diemer, Excelsior Springs; J. M. McDonald, Maryville; E. H. Ellsworth, Platte City; Egbert Jennings, King City and C. L. Hobart of St. Joseph.

VOTED TO CONSOLIDATE SEVEN SCHOOL DISTRICTS.

The special election held this afternoon in Wilcox to consolidate the seven rural schools carried by a vote of 56 to 54. E. C. Shell was chairman of the meeting. The school districts will remain the same as now except there will be rural high school in Wilcox. The districts in the consolidation are Wilcox, Mt. Vernon, Ireland, Guthrie, Griffith, Knabb and Shell Grove.

JEFF. CITY PAPER FOR JUDGE MAYER

ST. JOSEPH MAN IS URGED TO RUN FOR GOV. BY DEMOCRAT-TRIBUNE

OTHER CANDIDATES IN

A Farris-For-Governor Club Has Been Organized at Joplin—A Number of Other Men Mentioned.

Possessed with the sanguine certainty that a huge democratic victory is to be the outcome of the general election in Missouri next November, aspirants for the honors on the next state party ticket, are bobbing up everywhere. From St. Louis comes the information that Circuit Attorney Larry McDaniels, who has made good in that high position during eight years of incumbency, has friends who believe that he can land the Democratic gubernatorial nomination if he seeks it, and he seems willing to make the attempt if the call grows stronger.

The Democrat-Tribune of Jefferson City which two months ago launched a boom for State Beverage Inspector T. Speed Mosby for the Democratic nomination for governor, astonished the natives of this political center Saturday night by deserting its first choice and boldly and emphatically, in a half column first page editorial, carrying large black headlines, declaring it now stood for and would endeavor to bring about the nomination for govern or of Judge Charles H. Mayer of St. Joseph. The editorial announced that Judge Mayer more than made good a few years ago as State Senator from the fourth district, and that at a meeting of Andrew county Democrats at Savannah last Thursday his possible candidacy had been warmly endorsed. The Democrat-Tribune admitted "that all of the candidates now in the field for the same said honor are estimable gentlemen."

Farris-For-Governor Club at Joplin

Telegraphic advice from Joplin is that former Representative Frank H. Lee of Jasper county and seventy-five other Democrats have organized a Farris-for-Governor club at that place and that the organization will busy itself there and in that county and in the fifteen congressional district generally in furthering and promoting the candidacy of that aspirant for this high place. Farris was invited to open his campaign in Joplin.

Banker William T. Kemper of Kansas City, mentioned in the past as a 1920 gubernatorial possibility, is quoted in a St. Louis paper as definitely announcing that instead of seeking that high honor he was espousing Mayor James A. Cowgill to head the state ticket, and, if this nomination could not be brought about, he favored any other high class Democrat of Jackson county, a declaration which includes United States District Attorney Francis W. Wilson, or Col. R. D. Garrett who has reentered business in that western Missouri city after many thrilling experiences with the American Army in France during the World war.

Judge John S. Farrington of the Springfield Court of Appeals, will not be a candidate for the Democratic nomination for Governor at the coming primary, stated the Springfied Leader a few days ago. As this Democratic daily is published in the home town of the Judge it probably is correct in its surmise. The announcement went on to state that Judge Farrington still had four years to serve on the bench of the Springfield Court of Appeals and that the position he now fills was as high and honorable as the governorship, and was more lucrative.

Internal Revenue Collector George H. Moore of St. Louis, according to advice received from the Eastern portion of Missouri, will file a declaration that he is a candidate for the Democratic nomination for Governor before the close of February. While he did not take in the recent Jefferson City Democratic State Committee pow wow, trusty lieutenants were in attendance with their ears to the ground looking after his interests.

Lieutenant Governor Wallace Crossley, the Warrensburg newspaper publisher who won fame for the efficient manner in which he handled the coal situation of Missouri during the world war as Federal Coal Administrator, and who several times represented Cass, Johnson and Lafayette counties in the state senate, was his own representative during the Democratic love feast. To anxious friends who ex-

SCHOOL GYMNASIUM PLANS UNDER WAY

ERIC, SHUE, ARCHITECT, IN CONSULTATION WITH BOARD.

NEW CLASS ROOM NEEDED

Will Erect Two Story Building on Washington Grounds. First Floor to be Gymnasium.

Eric Shue of Hutchinson, Kan., an architect, who also holds the position of construction engineer with the M., K. & T. road, is in Maryville today in consultation with the members of the public school board in regard to the building of a new gymnasium building on the grounds of the Washington school.

Mr. Shue, in company with Dr. Jesse Miller and E. E. Williams, spent the afternoon looking over the ground and the present school building, and later Mr. Shue will submit an estimate of what such a building as the one needed would cost, and the matter will be laid before a meeting of the school board tomorrow night.

The enrollment of the high school in the last few years has increased to such an extent that more class rooms are also needed, and the tentative plan advanced by the board is to erect a gymnasium of sufficient size to make the first floor space adequate for all athletic events and games of the school for the future and to finish the second story into class rooms needed to take care of the growing enrollment.

With such a building, the present small gymnasium rooms in the Washington building would be fitted for the use of the domestic science department installed this year under the Smith-Hughes act which also provides for a vocational agricultural course. Both of these departments are badly crowded for room. Under this act the federal and state governments togeth er pay the salary of an instructor in this department and there is no expense to the school in carrying on the course except the room provided.

Definite plans will probably be given out by the board this week, preparatory to the asking of a bond issue.

DEMOCRAT-FORUM'S DUPLEX PRESS NOW IN OPERATION

Pushed the Button Yesterday. Installed by Expert Mechanic From Moberly Monitor-Index.

The Democrat-Forum has just installed a new Duplex press and the first issue printed on the press was yesterday's paper. The press can print over 5,000 papers an hour of either four, six or eight pages. The press prints, cuts and folds the papers sending out the finished edition in the one big machine without the use of any hand power.

At present the press is being operated by C. R. Turner an expert pressman and machinist who is in the employ of the Moberly Monitor-Index, which uses a Duplex press of the same type only of greater capacity than the one installed by the Democrat-Forum.

The press weighs about 12 tons and is placed on a cement base. It was put up and made ready for operation by Turner and a machinist from the factory. Mr. Turner will remain for several days until every thing connected with the new press is in perfect operation after which it will be run by the Democrat-Forum's regular pressman, Will Masters.

JEFF. CITY PAPER FOR MAYER

(Continued from page 1.)

pressed the wish that he file immediately for the Democratic nomination for Governor, he stated that there was ample time left for this official act, and, for the present, it was sufficent information for his many boosters that he would enter the contest when the proper moment came.

While Attorney John H. Atkinson of St. Louis, formerly representative from Ripley county and speaker of the house, afterwards, assistant attorney general, and more recently chairman of the state public service commission was conspicuous during the party "gab feast' at Jefferson City through his absence. His interests however were well looked after by Charles M. Hay, the former Callaway county representative, and John H. Nolen, formerly state land Reclamation Commissioner, and John L. Bradley, Deputy in the Bureau of labor statistics. These three Democrats did some effective work for their candidate. It was given out during the conference that Atkinson was in the race, win or lose, to stay until the result of the August Primary was officially promulgaed.

Through drafting the resluotions which so enthusiastically endorsed the issues and policies of President Wilson and the achievements and general efficiency of the administration of Gov ernor Gardner, Secretary of State Sullivan, State Auditor Middlekamp, Attorney General McAllister and other Democratic officials and their departments, the Phelps county Representative Frank H. Farris, the only candidate for Democratic gubernatorial honors who has officially filed his declaration, added more laurels to his fame as a statesman and diplomat.

The sudden appearnce at the state capitol on that last day of January of Judge Daniel G. Taylor of St. Louis, repeatedly mentioned by leading Democratic paper of the state as a Democratic possibility for United States Senator, aroused keen interest among those who are looking after the candidacy of Breckenridge Long of St. Louis now Assistant Secretary of State at Washington, D. C. The interest deepened when it became generally known that Judge Taylor came from St. Louis on the invitation of Governor Gardner to spend Sunday with that Missouri Executive. The information imparted by friends of these two Democrats that the visit was only a friendy one and had no political significance attached to it, did not alloy the fearsof those woh have political irons in the fire. So far Governor Gardner has turned a deaf ear to the lure and call of his many friend over Missouri to enter the race for the Democratic senatorial nomination, but the steadily growing strength of the pressure may force him into the race. One story in circulation before Judge Tyalor had been in Jefferson City many hours was that he was here to urge Governor Gardner to announce for the senatorial nomination Another rumor was that he had come to establish positively that Governor cally, and otherwise if he did, and that Gardner would remain dormant so that he could throw his own chapeau into the arena. On top of all come the report that business men and leading democrats of St. Louis, Kansas City, St. Joseph, Springfield and other Missouri cities had started a movement to draft Judge Taylor to make the race for Governor, with the assuarance that they would support him financially politihe was anxious to learn what Govern or Gardner thought of the proposition.

But Governor Gardner and Judge Taylor good naturedly denied these sensational rumors and insisted it was "only a friendly visit."

During the Democratic love feast State Senator Mark A. McGruder of Sedalia, Democratic floor leader of the last senate, who has filed for the Democratic nomination for attorney general learned that he would have opposition for that honor. Another aspirant for the place is Attorney W. H. Meredith of Poplar Bluff, formerly prosecuting attorney of Butler county. He was in attendance and admitted that he might file for that nomination. Friends of these two Democrats arranged a conference which seemed to end satisfactory to both.

Democrats in attendance from Springfield brought the word that Attorney Charles J. Wright of that city who represented Green county in 1917 as a member of the lower house, was seriously thinking of getting into the party race ofr attorney general.

It seemed to greatly please Senator McGruder to learn that both Meredith and Wright would contest the nomination with him. "The more that contest the honor with me the better, as a good, clean fight will arouse keen Democrats interesting the coming primary and bring out a large vote, and the larger the vote the larger will be my lead," he optimistically declared.

It begins to look as John H. Stone of Bates county, who on Jackson day, January 8, filed for the Democratic nomination for State Treasurer, will have some live opposition. W. O. Stacy of Lancaster who several times has been honored in an official capacity by the Democrats of Schuyler county and who is now a state industrial inspector, has announced he intends to seek the same nomination. Past activities fo rthe state of Missouri in an official capacity has gained him wide acqauaintance and many friends thru out Missouri, and on these points and his sterling records as a Democrat, he bases his chance of landing the plum. Friends of State Senator O. S. Harrison of Kennett, Dunklin county, and Representative H. C. Chancellor of Barton county, regarded by many party men as available timber of the same nomination have, so far, have made no official declaration as to their intentions.—By A. T. Edmonston.

Democratic Meet Scheduled for Joplin March 31 May Have to be Postponed Because of Hotel Accomodations.

Kansas City, Feb. 4.—The date for the Democratic state convention which was to have been held at Joplin, March 31, may have to be changed. Reports from Joplin say that the hotels there will be filled at that time o naccount of other conventions. That, together with the fact that many municipalities of the state have elections on March 31, has caused Ben M. Neale, state chairman to sen dout a call today to members of the state committee for a meeting in Excelsior Springs Saturday, Feb 7 to discussa new date.

ST. PAUL BANDITS MAKE GET-A-WAY BY AIR ROUTE

At Benson, Neb., in the Morning, St. Paul in the Afternoon of Same Day.

St. Paul, Minn.,—Michael and William Finn, who are alleged to have robbed a bank at Benson, Neb., on December 31, last, may earn a niche in the hall of fame as the first bandits to make their "getaway" by airplane.

The Finns, it is asserted, were seen in an automobile near Benson on the morning the Farmers and Merchants bank was robbed of $115,000. The same men, witnesses declare, were seen in St. Paul on the afternoon of the same day.

R. D. 'Brien, county attorney of St. Paul, advances the theory that the men may have flown from Benson to St. Paul by airplane after committing the robbery. If investigation shows that they did fly fom the scene of the crime Governor Burnquis, of Minnesota, is expected to grant the requisition asked by Nebraska authorities.

"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco *is* mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?

'Cause Velvet is *brought* up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet *wasn't* a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will shore mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. *See, taste, smell, feel* the "real tobacconess" in Velvet. Why, you can almost *hear* it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

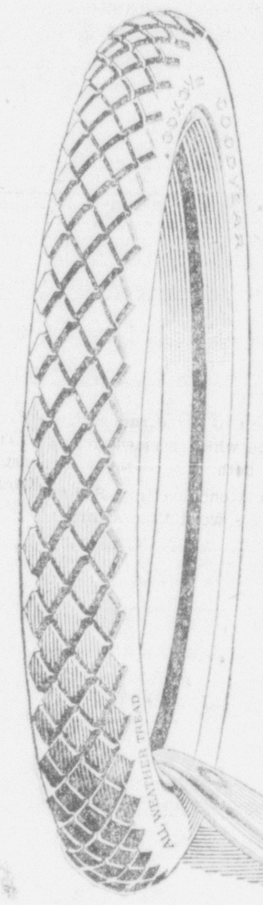
Equip Your Small Car With Goodyear Tires



If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $3.90

PRINCE OF WALES STOCKS FARM WITH THOROUGHBREDS

Calgary, Alta.—Prince Edward of Wales will ship from England in the next few weeks to his recently acquired ranch in southern Alberta thirty head of Shorthorn cattle, twenty-five Shropshire sheep, eight thoroughbred racing mares, and twenty Dartmoor ponies. This announcement was made by W. L. Carlyle, manager of the ranch. The animals will form the nucleus of breeding herds and will become the source of aristocratic blood that eventually will raise to the highest standards the livestock of western Canada.

The Shorthorns were bred on the prince's estate in Scotland and their blood lines trace to the most fashionably bred animals in Great Britain, the original home of the Shorthorn. The Shropshire sheep are selected animals from the Duke of Devonshire's flock. The thoroughbred mares are in foal to some of the famous sires in King George's stables that have made turf history in England.

The Dartmoor ponies will be a new breed to Canada. Prince Edward believes they will be finely adapted to the prairies. He breeds them on his estate in Cornwall, on the high windswept moors of which, according to Mr. Carlyle, there are a number of herds running wild. The Dartmoor ponies, it is said, came originally from Spain and were introduced into England in early centuries. They are among the sturdiest and oldest breeds of horses in England. They weigh 600 and 700 pounds and make excellent saddle animals. In the Dartmoor country they are also driven to carts.

The prince's Alberta ranch, Mr. Carlyle says, will be known in the future as the E. P. ranch—the letters being the inverted Latin initials of England's heir apparent. The prince, according to Mr. Carlyle, expects to visit the ranch at least once in every two years and probably will stop there next summer on his return trip from Australia.

Saccharine is so sweet that one part dissolved in 10,000 parts of water is easily tasted.

It takes nearly 130,000 of some of the screws used in watches to weigh a pound.

It is said that cypress and walnut, or cypress and cedar, cause each other to rot when used in contact.

BRUNETTES HAVE SHADE ON BLONDES IN BRAIN TEST

London—Despite columns of printed matter from interested or baised readers, neither the Daily Mail nor the London Daily Express has been able to determine the momentous question whether dark girls—the girls with dark hair and eyes—are more brainy than fair ones.

Charles Garvice, the novelist, after delivering himself of this opinion, took shelter:

"Most of my heroines are dark. I think dark girls are quicker in the 'uptake.' That does not mean the brunette will always beat the blonde in the long run. Her greater quickness may caure her to jump at wrong conclusions, which her cooler fair sister may avoid. I think a fair girl is able to sustain a note—play a part—longer and better than a dark one."

Why Fruit Trees are Pruned.

Stated in general terms, pruning, in common with nearly every other orchard operation, aims to increase the amout of frint produced, to improve its grace, and to lower the cost of production by the bushels or barrel. To these three general objects of pruning may be added a fourth that applies particularly in the case of young trees which have not yet reached bearing age. With them it aims to assist in developing quickly a strong body and framework for the support of the fruiting wood and fruit crops of the future

There are many other specific objects that are aimed to be accomplished by particular pruning practices; such for instance as the removal of diseased limbs, preventing limbs from rubbing, thinning the fruit, destruction of water sprouts, etc. In the last analysis, however, the attainment of these more or less specific objects is worth while only to the extent that they increase production, improve grades, or lower production costs. Their real utility can be measured by the way in which they contribute toward these general ends; and the grower will do well to keep this contsantly in mind.

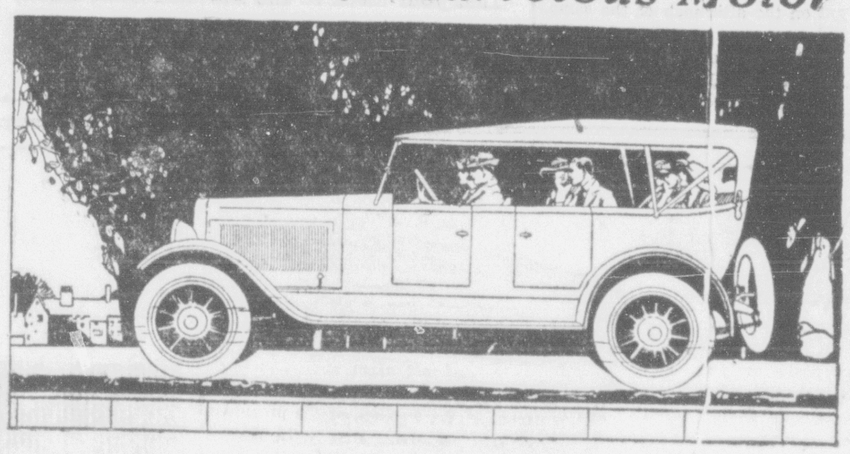
CHANDLER SIX

Famous For Its Marvelous Motor



Europe Welcomes The Chandler Six

NOW and then you read something about "French style and line" in automobiles, or perhaps it's "the newest English idea." And some folks have gone across to get the newest suggestions.

Europe hasn't built automobiles for five years and Europe is crying for new cars and good cars.

America's style is Europe's style now.

The Chandler Six, popular in many other countries for years but kept out of Europe the past three years because of war-time prohibition of shipments, is welcomed everywhere in Europe now—welcomed for the excellence of its performance, and quite as much for the beauty of its styles of body.

The Chandler, represented in the British Isles by Messrs. H. G. Burford & Company, Ltd., of London, was exhibited by that old established English automotive house, at the great Olympia Motor Show,

and was "quite the sensation of the show," says a London cable. "Three hundred and seventy Chandlers were sold in two days."

Apparently England is greatly pleased with America's best style in motor cars.

Swift & Company was a favorite topic of conversation last year.

Committees investigated it, commissions attacked it, law makers threatened it, many condemned it.

Presently people began to think about it; began to realize that Swift & Company was performing a necessary service in a big, efficient way; began to wonder whether it could be done as well in any other way.

Read what Swift & Company did last year, and what it meant to you, in the Swift & Company Year Book, just issued.

It's a fascinating narrative—simple facts in simple words. There is one ready for you. Send for it.

Issue at Home Cards.

Mr. and Mrs. Edwin Fletcher Caldwell whose marriage took place Wednesday, January 221, have issued at home cards for March 1, at Burlington Junction. Their new home will be completed by that date. At present Mr. and Mrs. Caldwell are with his parents, Mr. and Mrs. C. D. Caldwell at Burlington Junction.

Missiontry Society Meets.

The Young Women's Foreign Missionary society of the First Methodist church met last night at the home of Mrs. George B. Baker on West Third street. In the absence of the president and vice president, Mrs. N. H. Brown presided at the meeting. Miss May Howland was the program leader with Mrs. Ed F. Wolfert and Miss Kate Willis assisting. The resignation of the president of the society, Mrs. Edwin F. Caldwell, was accepted. Mrs. Caldwell is now making her home in Burlington Junction. Refreshments were served by the hostess which was followed by a short social hour.

Circle No. 1.

Circle No. 1 of the First Baptist church Auxiliary met last evening in regular session at the home of Mrs. J. H. Woodburn, 701 East Fourth street. The meeting was opened with prayer services lead by Mrs. C. H. Coe. An interesting business session followed with the chairman, Mrs. D. D. Miller in charge. Mrs. James Kegin conducted the devotional exercises and the program was lead by Mrs. J. A. Speirs. Mrs C. H. Coe told of "Women of Turkey" and Mrs. J. H. Woodburn read a paper on "The Need of Christian Education and Trained Misisonaries in China."

Little Mary Coe gave a reading, 'Madonna of the Curb" and Mrs. D. D. Miller followed with a talk on "Women of India." A vocal duet was rendered by Miss Lois Cummings and Miss Daisy Allen, followed by a talk by Mrs. J. A. Speirs on "Women of Japan." This was the concluding number on the program and the meeting was dismissed with prayer by Mrs. W. C. Ferguson.

Card Party.

Twenty eight young people enjoyed a card party given Tuesday night by George Aley and Carl Craig at the latter's home. The prize for high score was won by Lota Claire Landfather. Jazz Valentine Dance.

The Elks will issue invitations soon to a jazz Valentine dance which will be given on the night of February 16, at the club house. This affair promises to be as smart an enjoyable as the dance given by the Elks on New Year's eve. Decorations suggestive of Valentine's day will be used and a light luncheon will be served, but the feature of the evening will be a number of jazz novelty dances. It is to be a program dance and Schumacher's seven-piece jazz orchestra will furnish the music. The committee in charge is composed of C. Edward Cook and Paul Basford. The evening's program will begin promptly at 9 o'clock.

WELL KNOWN MISSOURI FOLKS

St. Louis, Mo.—"Dr. Pierce's medicines have been a wonderful help to me. Some years ago during each winter I would get run-down and catch cold, which would leave me with a very bad cough that usually bothered me nearly all summer. I took Dr. Pierce's Golden Medical Discovery and it cured me so completely that I have never had any return of this condition. I have since taken Dr. Pierce's Favorite Prescription during expectancy and afterward with wonderful results. No woman should try to go through this condition without the use of 'Favorite Prescription.'"—MRS. M. A. HARRIS, 1420 S. Cardinal St.

A Woman's Weakness—Operation Was Advised

Carrollton, Mo.:—"I was very poorly with woman's weakness. Had consulted with three doctors and they all advised an operation. A lady friend advised me to try Dr. Pierce's Favorite Prescription. I was in bed when I began to take this medicine, but by the time I had taken half a bottle I was up on my feet. I took seven bottles in all and was then well enough to do all my work and felt fine. I got very stout and felt just as I did when I was young. It is certainly a grand medicine and I have often recommended it to others."—MRS. MARY STANDLEY, 211 E. First St.

When Run-Down and Nervous

Chillicothe, Mo.:—"For four years I had pains in my back and in the back of my head. I was all run-down and nervous. Was practically in bed for a year. My mother advised me to try Dr. Pierce's Golden Medical Discovery so I took it and was [illegible] almost at once. I only took [illegible] of it and have been better ever since. I know it is a fine medicine. —MRS. G. C. MARPLE, 421 East First St.

A FINE UNIMPROVED HALF SECTION NINE MILES FROM town, practically every acre good plow land. School house on the land. Priced at $45 per acre. Terms of half cash and balance to suit.

A GOOD IMPROVED QUARTER SECTION, ALL GOOD WHEAT land, only twelve miles from town, 80 acres in fall wheat all goes with place. Price of $65 per acre. Terms of about half cash, balance to suit.

AN ALL-LEVEL HALF SECTION ONLY NINE MILES FROM Kimball. This is all broken up and in fall wheat. Rented for one-third of crop delivered. There is no better half section in the county and it is well located. Can be bought at the bargain price of $65 per acre if sold before the first of March. Terms of $8,000 cash and balance easy.

A FAIRLY WELL IMPROVED HALF SECTION 14 MILES FROM town, about 75 per cent of which is good level wheat land, balance rough pasture land. Price of $45 per acre at most any terms to suit the purchaser.

AN UNIMPROVED QUARTER, ALL BUT ABOUT 3 ACRES level wheat land, only 14 miles from town. Price of $35 per acre. Terms of half cash and balance three years.

640 ACRES IN THE FAMOUS FLOWERFIELD COUNTRY. THIS is one of the best sections in the country. It has 500 acres now in fall wheat, one-half of which goes to the purchaser in the granary on the place. Terms of $20,000 cash and balance to suit.

A RANCH OF 3,000 ACRES PRACTICALLY ADJOINING THE town of Bushnell. This ranch has one complete set of improvements and two other wells. There is perhaps 50 per cent of this that would make good wheat land, the balance is rough pasture land. Price $21 per acre on most any kind of terms.

A HALF SECTION SEVEN MILES FROM TOWN. MAIL ROUTE and telephone past the place. This is ideally located for some one to improve and make a home of. It has 110 acres in fall wheat, all of which goes with the place and is priced at $37.50 per acre. This must be sold quick, and owner will carry half of purchase or even more if the right party buys. This is a good one.

The above are quoted subject to previous sale or change in price without notice.

KRAMER'S

Double Fabric Construction Re-built Tires

Are not old tires with new treads pasted on to them. They are good, solid, uninjured carcasses of the best quality tires, carefully selected and the rubber removed. Layers of both fabric and rubber are added inside and out and formed by steam and pressure into a tire—tread and all—nearly twice as thick as a new tire.

This kind of construction does not over cure part of the rubber—it simply adds new rubber properly cured and built up to stand the hardest kind of wear.

These tires will give 75 to 100 per cent the mileage of new tires at one-half the cost.

If you wish real tire economy buy KRAMER'S DOUBLE FABRIC CONSTRUCTION (rebuilt tires) as supplementaries and put your new tire money into such dependable tires as Goodrich or Firestone.

BULLY!

If Bilious, Constipated or Headachy, take "Cascarets"

Feel grand! Clean up inside! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison and you can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.

Little Hope of Relief For Victims of Catarrh

Unless Old-Time, Obsolete Treatment Is Discarded.

Doubtless during the mild summer months you have enjoyed some relief from the disease, because there is always less inflammation of the membranes during the summer, but do not make the mistake of thinking that your Catarrh is gone, for the very first raw, damp, wintry day, the delicate linings of the membranes will begin to again become irritated and sore, the air passages will begin to clog up, and soon you will find that your old enemy is still with you, with a fiendish intention of making the winter as full of discomfort as ever.

What are you going to do about it? If you have had the disease for any length of time, the chances are that you have used enough local remedies to convince you that there is no cure for you in this method of treatment. Are you going to drag through another winter hawking and spitting and spraying constantly in an effort to unclog the stopped up air passages so that you can get your breath for awhile, knowing that these accumulations will immediately reappear—or are you going to discard this makeshift treatment, and use a little intelligence in an effort to get rid of this disease that is such an annoyance and a constant hadicap?

You must accept the teachings of science, which shows that to get rid of any disease, you must treat it at its source, you must direct your efforts toward removing its cause, instead of being satisfied with slight temporary relief from its symptoms. You must rout out from your blood the millions of tiny germs which cause Catarrh, so that there can be no more inflammation of the nose and throat, and choked up nasal passages that make breathing difficult and painful.

S. S. S., the fine old blood remedy, has given splendid results in the treatment of Catarrh, and you will be delighted with its effect on your case. It so purifies and cleanses the blood, that disease germs are eradicated, hence when the germs of your Catarrh are eliminated from the blood, you are on the right road to a permanent riddance from the disease. Go to your drug store, and get a bottle of S. S. S. to day and begin the real rational treatment that will give real results.

If you will write our medical department, we will take pleasure in giving instructions regarding the treatment of your own particular case. Address Chief Medical Adviser, 15 Swift Laboratory, Atlanta, Ga.
